### **Stinebaugh and Company Exclusive Distributor of DriSteem Electrode Humidifiers in Alaska**

(Anchorage, AK) – Stinebaugh and Company, a manufacturer’s representative providing industry leading HVAC solutions for the construction industry, is the exclusive distributor of DriSteem Electrode humidifiers in Alaska.

With easy installation and minimal maintenance requirements, demand for electrode humidifiers in the North American market is growing at a rapid pace. As the local experts in indoor air quality solutions, Stinebaugh and Company is a trusted source for expertise in humidification and is also the sole source for DriSteem electrode humidifiers in the area.

Stinebaugh and Company is committed to providing the right humidification solution for each project they work on and the organization prides itself on guiding engineers, contractors, and facilities personnel to the technology that makes the most sense for their unique situation. When electrode style humidifiers make sense, DriSteem is the brand of choice for their quality construction, competitive price, and proven reliability.

“DriSteem has been an innovator in humidification for more than 50 years,” said Nick Ibarra, DriSteem Director of Sales. “We are pleased to have a trusted and expert partner like Stinebaugh and Company, who can effectively deliver these solutions in the Alaska region.”
